terminal to commit and push changes to your repository. **If you ignore this requirement, troubleshooting will be your responsibility.** If you don't understand, please ask! This report can only be completed after Lab 2!

- 1 If you have not done so, create a folder inside the `weekReports` folder called `wr2`. You probably did this already during Lab 2.
- 2 Open the `cis106` folder in VS Code
- 3 Inside the `wr2` folder, create a file called `wr2.md`
- 4 Add a link to your notes and Lab 2 Markdown files in your GitHub repository..
- 5 Add a screenshot of your Debian desktop with either a terminal window open or Firefox displaying the `cis106.com` website.
- 6 Add a screenshot of your Discussion Board reply
- 7 Convert the `wr2.md` file to PDF
- 8 Push all the changes to GitHub
- 9 In Blackboard, submit the URL to the `wr2.md` file and the PDF file `wr2.pdf`

5. Week Report Grading

Item	Points
Your GitHub repository is properly organized	25pts
Debian Desktop screenshot	25pts
Discussion Board reply screenshot	25pts
Proper markdown syntax	25pts
